THE INSTITUTE FOR COMMUNITY & PUBLIC HEALTH

Career Pathways in Community & Public Health

Professional Development · GUIDE · Version 1.0

A map of career routes, entry points, and progression across the public health workforce.

Overview

This guide demystifies the many routes into and through public health careers, from apprenticeships to specialist training, with honest notes on what each path involves.

What's inside

A plain-language overview you can read in one sitting
• Step-by-step guidance with decision points called out
• Worked examples drawn from real community practice
• A one-page summary to keep at your desk

How to use it

Read it through once to orient yourself, then return to the relevant section when you need it. Share the one-page summary with colleagues who need the headlines rather than the detail.

About this collection

This document belongs to the Professional Development collection of the ResourceVault library and is provided as a demonstration document for evaluation purposes.
