THE INSTITUTE FOR COMMUNITY & PUBLIC HEALTH

Child Safeguarding Quick Reference

Safeguarding & Ethics · CHECKLIST · Version 2.1

A single-page quick reference for child safeguarding thresholds and immediate actions.

Overview

Designed to be kept to hand, this quick reference distils child safeguarding thresholds and immediate actions into a calm, usable format for moments that are anything but calm.

What's inside

A concise, scannable checklist for the moment it is needed

- Clear thresholds and trigger points
- Immediate actions and escalation routes
- Space to record decisions and rationale

How to use it

Keep it within easy reach and use it in the moment rather than from memory. Record the decisions you make against it so your reasoning is documented if it is ever reviewed.

About this collection

This document belongs to the Safeguarding & Ethics collection of the ResourceVault library and is provided as a demonstration document for evaluation purposes.
