THE INSTITUTE FOR COMMUNITY & PUBLIC HEALTH

# Engaging Local Elected Members

Policy & Advocacy · GUIDE · Version 1.0

*Practical advice for building productive relationships with councillors and local decision-makers.*

## Overview

Influence depends on relationships built before you need them. This guide covers how to brief elected members, frame asks, and sustain cross-party support for population health.

## What's inside

A plain-language overview you can read in one sitting
• Step-by-step guidance with decision points called out
• Worked examples drawn from real community practice
• A one-page summary to keep at your desk

## How to use it

Read it through once to orient yourself, then return to the relevant section when you need it. Share the one-page summary with colleagues who need the headlines rather than the detail.
