THE INSTITUTE FOR COMMUNITY & PUBLIC HEALTH

Project Initiation Document Template

Templates & Toolkits · TEMPLATE · Version 1.0

A lightweight project initiation document tailored to public health programmes.

Overview

A pragmatic PID template that captures scope, risks, and benefits without the bureaucracy, sized for the realities of public health project work.

What's inside

A fully structured, editable document ready to localise
- Pre-filled prompts so you start from substance, not a blank page
- Guidance notes explaining what belongs in each section
- A completed worked example for reference

How to use it

Make a copy, replace the prompts with your own content, and delete the guidance notes before you circulate the finished document. Keep the original as a master so future projects start from the same baseline.
