Sexual Health Screening Standards

Clinical Guidelines · GUIDE · Version 1.0

Recommended screening intervals, testing pathways, and partner notification standards for sexual health services.

Overview

This guideline harmonises screening intervals and partner notification practice across community sexual health services, with particular attention to confidentiality and access for young people.

What's inside

A plain-language overview you can read in one sitting
• Step-by-step guidance with decision points called out
• Worked examples drawn from real community practice
• A one-page summary to keep at your desk

How to use it

Read it through once to orient yourself, then return to the relevant section when you need it. Share the one-page summary with colleagues who need the headlines rather than the detail.
