THE INSTITUTE FOR COMMUNITY & PUBLIC HEALTH

Tobacco Control Policy Position

Policy & Advocacy · POLICY · Version 2.1

The Institute's formal position on tobacco control measures, with the supporting evidence.

Overview

This position statement sets out ICPH's stance on the major tobacco control levers and summarises the evidence behind each recommendation for use in local and national advocacy.

What's inside

The formal position and the principles behind it
- Model wording you can adapt for your organisation
- The supporting evidence base, referenced in full
- Implementation and review expectations

How to use it

Adapt the model wording to your local context, take it through your governance route for sign-off, and diarise the review date so it does not quietly go out of date.

About this collection

This document belongs to the Policy & Advocacy collection of the ResourceVault library and is provided as a demonstration document for evaluation purposes.
